

LEGACY CASH
The digital future!

WHITEPAPER

WHAT IS LEGACY CASH

Legacy cash is a decentralized financial payment network that rebuilds the traditional payment stack on the blockchain. It utilizes a basket of fiat-pegged stable coins, algorithmically stabilized by its reserve currency Legacy Cash, to facilitate programmable payments and open financial infrastructure development. As of December 2020, the network has transacted an estimated \$299 billion for over 2 million users.

Contract address:

0x7BF8a6cD04A2177dB64CA23a0CCf02FEDF2283C6

TECHNOLOGY

Legacy Cash will use the latest Layer 2 solution in form of Smart Contracts. This will reduce the fee and speeds things up with a transaction.

While using Legacy Cash, it doesn't matter if you are a client trading a small amount or if you are a big company with a high amount of transactions on a daily basis.

Legacy Cash is the solution for trading cash money anonymously.

The Legacy Cash Token is a legal way to convert cash money into crypto currency and visa versa, through a deposit to our Legacy Cash token, or withdraw it back into USD & EURO.

DEFI

Trading currency is an 24/7 ongoing thing without centralized authorities.

You hold your money, You control where your money goes and how it's spent. DeFi is open to anyone.

DeFi uses Erc-20 cryptocurrencies. Legacy Cash is an Erc-20 token (Decentralized Finance)

HOW TO RECEIVE LEGACY CASH

To receive a Legacy Cash token you simply have to send it to your Ethereum address.

Copy your receiving address. Now paste it in the receivers address or send it to the user. The transaction is now sent and received in your wallet.

IMPORTANT:

Always select the Eth network (Erc-20)!!!

SMART CONTRACTS

We use smart contracts to provide services that don't need intermediaries.

In today's financial world, institutions manage transactions. This gives them immense power as your money flows through them. Not to mention that billions of people around the world don't even have access to a bank account.

HIGH SECURE

- P2P2 (Peer to Peer)
- High Resistance to transaction censorship.
- Simple and with low costs to use
- Private, anonymous and high Secure.
- Not having to entrust your Tokens to a third party!
- High secure Quantum Proof

IMPLENTED FUNCTIONS

- Erc-20
- Smart Contracts
- Decentralized Finance
- P2P2 payments (peer to peer)
- Vaults
- Staking Pools.
- Layer 2 Solution
- High Secure Quantum Proof.
- Offer Real World Solutions.

HOW TO SEND LEGACY CASH

When you send a Legacy Cash token on the Eth network.

You copy the receivers address and paste it in the transaction to the receiver. Enter the amount of tokens you want to transfer and click send. Your payment is now sent to the receiver.
